BAXTER BLACK, NARRATOR - J. ROBERT HOUGHTALING, MUSICIAN - DOYLE CONNER, JR., HISTORIAN

Monday February 18 6pm PHIL HS2

Lifestyle, heritage and culture—this film is an hour-long documentary about a modern-day cattle drive and the history of cattle in Florida where cattle arrived almost 500 years ago. The film reveals how this long history connects to present-day cow culture and is “an educational effort to remind people that the cattle industry has been a vibrant part of Florida’s economy, heritage and lifestyle” – Adam Putnam, Florida Commissioner of Agriculture & Consumer Services.
